

High Street Smiles Ltd Quality assurance policy

This is the quality assurance policy of High Street Smiles & High Street Smiles Ltd.

Our practices aim to provide dental care of a consistent quality for all patients; we strive to meet the high standards expected in any clinical setting. We expect all members of our dental team to work to these standards to help us achieve our aim of providing a quality service. Our management systems define each practice member's responsibilities when looking after you.

The policies, systems and processes in place in our practices reflect our professional and legal responsibilities and follow recognised standards of good practice.

At High Street Smiles we aim to achieve the best results for our patients through clear policies and systems and appropriately trained and competent team members. We evaluate our practice on a regular basis through audit, peer review and patient feedback and monitor the effectiveness of our quality assurance procedures.

We work with external agencies, including the British Dental Association, NHS England The General Dental Council, Dental Protection Society and The Care Quality Commission

Quality standards and procedures

High Street Smiles has effective procedures for assuring and enhancing the quality of the services we provide for our patients. We are also members of the British Dental Association's Good Practice Scheme since 2011 and have successfully been awarded every year since. We have also successfully passed 3 inspections from The Care Quality Commission, an inspection that will be held approximately every 2-3 years.

In providing our patients with care of a consistent quality, we will:

- Provide a safe and welcoming environment
- Ensure all members of the dental team are appropriately trained
- Provide patients with information about the practice and the care available and ensure that the patient understands the terms on which care is offered
- Display indicative treatment charges
- Explain all treatment options and agree clinical decisions with the patient, explaining the possible risks involved with each option
- Provide treatment plans based on the agreed treatment with an estimate of the likely costs
- Obtain valid consent for all treatment. Written consent will be sought for extensive or expensive treatments and treatment provided.
- Refer to specialists for investigation or treatment as appropriate and without undue delay
- Maintain contemporaneous clinical records with an up-to-date medical history for all patients
- Provide secure storage of patient records to maintain patient confidentiality
- Explain the procedure to follow for raising a complaint about the service, identifying the practice contact
- *Our BDA Good Practice Scheme plaques are displayed in our reception areas and we have information about the scheme available to patient.*

For our dental team, we undertake to:

- Provide a safe working environment through hazard identification and risk assessment
- Provide induction training for all new team members
- Provide job descriptions and contracts of employment to all members of staff.
- Review and update job descriptions annually to reflect current duties and responsibilities
- Agree in writing the terms for all self-employed contractors working at the practice
- Provide ongoing training and identify opportunities for development for all employees
- Maintain staff records ensuring the following information is up to date:
 - relevant medical history information
 - emergency contact details
 - absence through holiday and sickness
 - performance reviews
 - in-house and external training
- Ensure that all staff are kept up to date with all practice policies and procedures, including patient charges and the relevant forms.

The dental team

Team members implement and adhere to the practice policies and procedures which are readily accessible **in various files in staff areas**.

All new members of the team receive training in practice-wide procedures, policies and quality assurance activities as part of their induction. Appraisal meetings take place every 6-12 months and include an assessment of training needs.

We expect everyone working at the practices to

- Understand our aims and objectives
- Have an understanding of the skills and competencies required to deliver the services successfully
- Understand and participate in our quality assurance activities.
- Dealing with emergencies, including a collapsed patient.

Dentists and, where appropriate, hygienists/specialists also understand the policies and procedures for:

- Referring patients
- Requesting work from laboratories
- Ordering materials and equipment
- Clinical governance requirements and CQC standards of quality and safety
- Professional and legal requirements affecting dentistry.

All GDC registrants meet their continuing professional development requirements and, as required by the GDC, maintain records of their individual CPD activity. In addition, the practice maintains records of all practice-wide training it provides and training provided for individual members.

Audit

We undertake regular audits of our procedures and protocols to monitor our service to our patients. On a regular basis, we consider:

Inputs

- Number of patients treated
- Number of patients treated by specific groups.

Outcomes

- Oral health achievements as a direct result of our intervention.

Effectiveness

- Patient views of effectiveness in improving their oral health
- Patient satisfaction levels.

Efficiency

- Patient retention rate
- Referrals to other healthcare professionals for advice and/or treatment
- Quality of data collection.

Quantitative data

On a monthly basis, we record the following:

- Total number of patients seen
- New patients seen
- Failed appointments (and unused time)
- Waiting list numbers – for assessment and for treatment
- Patient safety incidents and the outcome of investigations
- Positive feedback and compliments
- Complaints and negative comments.

Qualitative data

We record the following qualitative data:

- Results of patient and service audits and improvements
- Complaint trends and actions taken to improve the service
- Waiting times and evidence of demand management
- Staffing and staff turnover
- CPD activity on individual and practice-wide basis
- Case mix of clinical presentation and procedure outcome
- Results of annual patient satisfaction survey on a sample number of patients.
- Friends & Family Test results submitted once a month

Clinical Governance

High Street Smiles uses clinical governance to ensure we deliver a consistent standard of care to our patients. Our clinical governance framework incorporates the following 12 themes of the NHS clinical governance framework:

1. Infection control
2. Child protection
3. Dental radiography
4. Staff, patient, public and environmental safety assessment
5. Evidence-based practice and research
6. Prevention and public health
7. Clinical records, patient privacy and confidentiality
8. Staff involvement and staff development
9. Clinical staff requirements and development
10. Patient information and involvement handling, patient feedback
11. Fair and accessible care
12. Clinical audit and peer review

In relation to clinical governance:

- Everyone understands what the practice is supposed to do
- Everyone understands their role in delivering the service
- We monitor all our policies and procedures and how these are implemented
- We review our policies and procedures on a regular basis to identify where improvements can be made
- We conduct internal audits
- We share information and encourage staff members to raise any issues
- We allow for CPD, staff training and development
- We allow for (and encourage) patient suggestions.

BDA Good Practice Scheme

In our commitment to assuring the quality of the service we offer, High Street Smiles is a member of the BDA's Good Practice Scheme. Membership of the Scheme demonstrates our commitment to working to recognised standards of good practice:

1. We aim to provide dental care of a consistently good quality for all patients
2. We only provide care that meets our patients' needs and wishes
3. We aim to make our patients' treatment as comfortable and convenient as possible
4. We will look after our patients' general health and safety while they receive dental care
5. We follow national guidelines on infection control
6. We check for mouth cancer and tell patients what we find
7. We take part in continuing professional development to keep our skills and knowledge up to date
8. We train all staff in practice-wide work systems and review training plans once a year
9. We welcome feedback and deal promptly with any complaints
10. Every member of the practice is aware of the need to work safely under GDC guidelines.

Review

This policy will be subject to regular review and will be updated annually.
